**See African & African American
Founders of Tech Companies**

**Meet Tech & Innovation Experts and
Entrepreneurs**

**Discover Services to Help Kids
Interested in Technology & Entrepreneurship**

Mass Innovation Nights (MIN) is a monthly new products showcase and networking event. Every month hundreds of members of the MIN community gather to support local entrepreneurs at a live event. The goal is to support diversity in tech and bring visibility to the local startups through social media buzz. The event is free to attend and exhibit! Over the past 10 years, MIN has launched over 1,200 new products which have collectively received more than \$3.1 billion dollars in funding.

This is a great event for young people interested in STEM and entrepreneurship to meet role models.

- 6:00-7:00 PM** - Networking & Table Top Demos
- 7:00-7:30 PM** - Presentations
- 7:30-8:30 PM** - Networking & Table Top Demos
